LAND RESUMPTION AGREEMENT

The principal terms of the Land Resumption Agreement are set out below:

Date

7 December 2025

Parties

- (1) Shenzhen Boton
- (2) The Local Authority

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, the Local Authority and its ultimate beneficial owner are Independent Third Parties.

Proposed Land

The Proposed Land is a parcel of land with an aggregate site area of approximately 64,662.42 sq.m. located at Le Li Road, Nanshan District, Shenzhen, Guangdong Province, the PRC. The Proposed Land is part and parcel of the land lot (lot number T505-0059) that Shenzhen Boton owns with an aggregate site area of 80,167.47 sq.m.. The headquarter of the Group and the Proposed Land are located in the said land lot.

The Proposed Land comprises the portions below:

- (i) certain buildings and structures in the total gross floor area of 8,579.44 sq.m., the land use rights of which have been granted;
- (ii) certain buildings and structures not specified in the land use rights granting agreement of the Proposed Land or its supplemental agreement with a total gross floor area of 2,503.23 sq.m.; and
- (iii) the remaining portion of the land with a total gross floor area of approximately 128,657.09 sq.m., for which the land use rights have been granted but no building or structure has yet been constructed.

Pursuant to the terms and conditions of the Land Resumption Agreement, Shenzhen Boton shall (a) surrender the land use rights of the Proposed Land and procure the amendment of the land use rights granting agreement of the Proposed Land (including the relevant supplemental agreement) with the Nanshan Administration Bureau of the Shenzhen Municipal Planning and Natural Resources Bureau (深圳市規劃和自然資源局南山管理局); and (b) arrange for the de-registration of the land title certificate of the Proposed Land under its name.

Compensation and payment terms

Pursuant to the Land Resumption Agreement, the total Compensation payable to Shenzhen Boton for the Land Resumption is RMB2,271,913,552 (equivalent to approximately HK\$2,495,015,463), which shall be payable in cash by the Local Authority to Shenzhen Boton by instalments into the jointly managed bank account of both Parties in the following manner:

- (a) as to the amount of RMB1,135,956,776 (equivalent to approximately HK\$1,247,507,731) within 40 working days after the Land Resumption Agreement becoming effective;

- (c) as to the remaining amount of RMB454,382,710.4 (equivalent to approximately HK\$499,003,093) within 40 working days after the completion of deregistration of the land title and amendment of the land use rights granting agreement of the Proposed Land with Shenzhen Municipal Planning and Natural Resources Bureau (including entering into relevant supplemental agreement). However, if, through no fault of Shenzhen Boton, the deregistration and amendment have not been completed within 40 working days after Shenzhen Boton vacates the Proposed Land, the relevant amount shall become payable within 60 working days following such vacation and the delivery of a notarized power of attorney by Shenzhen Boton.
- (d) if the Proposed Land can be delivered early, an early completion bonus in the amount of RMB222,472,334 (equivalent to approximately HK\$244,319,117) shall be paid within 40 working days after Shenzhen Boton vacates and delivers the Proposed Land and its land use rights as scheduled.

The Compensation was determined after arm's length negotiation between Shenzhen Boton and the Local Authority with reference to the laws, regulations and procedures applicable to resumption of state-owned lands in Nanshan District, Shenzhen, Guangdong Province, the PRC and the valuation report in respect of the Proposed Land conducted by an independent valuer which has preliminarily assessed the value of the Proposed Land in the approximate amount of RMB155,000,000 as at 30 November 2025.

The Directors consider that the terms of the Land Resumption Agreement (including the amount of the Compensation) are fair, reasonable and in the interest of the Company and the Shareholders as a whole.

Condition precedent

The Land Resumption Agreement shall take effect upon signing and affixing of seals by both Parties. Shenzhen Boton shall procure the Company to convene a general meeting within 45 days after the date of signing to approve the Land Resumption Agreement and the transactions contemplated thereunder. However, if, due to regulatory procedures applicable to listed companies or other objective reasons, the Company is unable to convene the general meeting within the aforesaid period, the Local Authority shall understand and shall not hold Shenzhen Boton liable. If the Company fails to convene the general meeting within such period or the relevant resolution is not passed, the Land Resumption Agreement shall lapse upon expiry of such period and neither Party shall have any further obligations thereunder.

A jointly managed bank account shall be established after signing, into which the Local Authority will deposit the Compensation in accordance with the Land Resumption Agreement. If the relevant resolution is not passed within the aforesaid period, Shenzhen Boton shall return the Compensation together with any accrued statutory interest in full. If the resolution is passed by the Shareholders, Shenzhen Boton shall, within two days after the general meeting, notify the Local Authority in writing and provide the relevant proof, after which the Compensation will be released.

REASONS FOR AND BENEFITS OF THE LAND RESUMPTION

The Company is principally engaged in manufacturing, trading and selling of extracts, flavors and fragrances. It also engaged in design and manufacturing of high-quality electronic cigarettes and the related products as well.

In September 2023, Shenzhen Boton had received a letter from the local government of Nanshan District notifying a land preparation project for the Xili high-speed rail hub and related projects (the “**Xili Project**”), and planned to resume the Proposed Land on the grounds of public interest. Then Shenzhen Boton had started immediate negotiation and discussion with the government officers of the Xili Project to seek further information, including: background materials for the Xili High-speed Rail hub and related works on land preparation project, construction plan, compensation plan and the relevant schematic diagrams and maps, etc.

It was advised that the Xili Project was an important transportation project and also a transformative infrastructure project of Shenzhen city together with new residential and commercial construction and community area, social facilities and utilities. The Proposed Land would have significant contribution towards the Xili Project in the economy and urban development for the benefit of the country and the community.

During these years and up to the date of this announcement, the Group has already established various factories in other major cities in the PRC, such as Huizhou, Dongguan, Fuzhou and Hubei Xiantao and also have a factory in Indonesia. There is no production line of the Group’s business segments maintained on the Proposed Land. Accordingly, the Board is of the view that the Land Resumption will not have any material adverse effect on the Group’s operation and principal business activities.

Further, the amount of Compensation is at a premium to the independent valuation of the Proposed Land. The Company will make a gain from the Compensation, which will enhance the working capital for the Group.

Taking into account of the above, the Directors (including the independent non-executive Directors) consider that the terms of the Land Resumption Agreement and the transactions contemplated thereunder are on normal commercial terms and are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

Financial effects of the Land Resumption

Based on the latest audited financial statements as at 31 December 2024, the net book value of the Proposed Land was approximately RMB113,719,015 (equivalent to approximately HK\$124,886,222). On account of the Compensation of RMB2,271,913,552 (equivalent to approximately HK\$2,495,015,463) and assuming that the early completion bonus of RMB222,472,334 (equivalent to approximately HK\$244,319,117) shall be payable, the Company is expected to record an unaudited gain before tax from the Land Resumption of approximately RMB2,380,666,871 (equivalent to approximately HK\$2,614,448,358). The actual amount of the gain from the Land Resumption to be recorded by the Group is subject to audit and will take into account any costs and expenses incurred relating to the Land Resumption, and accordingly, it may be different from the amount stated above.

Proposed use of proceeds

The net proceeds (after deducting the relevant PRC enterprise income tax and professional fees payable and assuming that the early completion bonus of RMB222,472,334 (equivalent to approximately HK\$244,319,117) shall be payable) arising from the Land Resumption will be approximately RMB1,768,446,850 (equivalent to approximately HK\$1,942,108,331).

The Company plans to use the net proceeds in the following manner:

- (i) approximately RMB1,250,000,000 (equivalent to approximately HK\$1,372,750,000) will be used to repay the bank borrowings of the Group; and
- (ii) the balance of approximately RMB518,446,850 (equivalent to approximately HK\$569,358,331) will be used for the Group's general working capital.
